

We ride for biker's rights to the streets. We ride because we want to make Chicago a better place to bike. We ride because bikes make sense. We ride because biking is cheaper and more fun than driving. We ride so we can talk to each other.

# CRITICAL MASS!

We ride because it's healthy. We ride to show that the streets are not just for cars. We ride because we feel safe together. We ride to show the politicians how many of us there are. We ride because bikes are cleaner, quieter, and safer. We ride because we don't like cars all that much.

Ride with us. Daley Plaza
