

Chicago is **CAR SICK**

 How much more time will you waste stuck in traffic or looking for parking?

 How much more land will be paved over for highways and parking lots?

 How many thousands more will be maimed and killed in car crashes?

 How many ozone action days will we have this year?

 How many more wars will we fight for cheap oil?

 How many billion more dollars will we spend subsidizing internal combustion?

The problems are complex, but the solutions are surprisingly simple:
Each of us can make a choice; each of us can make a difference. Spring is here, leave the car at home!

WALK, BIKE, USE TRANSIT

Celebrate the alternative

CRITICAL MASS

CRITICAL MASS is a free, non-athletic bike ride through the loop and Chicago's neighborhoods. **CRITICAL MASS** is a demonstration of the alternative to car chocked roads. **CRITICAL MASS** is a VISION of streets for people, not cars. **CRITICAL MASS** is the most fun you'll have on a bike all month! Join hundreds who have made the choice for better, faster, cleaner and cheaper transportation.

This Friday, 5:30pm, Daley Plaza

And the Last Friday of Every Month (Under the Picasso, Washington & Clark)
