Please Help!

A car hit us at a red light and Buster flew out the window at Roosevelt (1200 S.) and Morgan (1000 S.) on the night of August 2.

Buster is a companion animal for my disabled son. He is sometimes wary of strangers, but he is a good, sound dog and not a biter.

Breed: Pit Bull

Sex: Male

Weight: 55

Name: Buster

Markings: Blue Grey Coat, white chest, white-tipped tail, paws and small white streak on his nose.

Collar: Brown leather, large silver buckle with blue rabbits tag
